### 2 WITHDRAWALS FROM THE UNIVERSITY

A student who wishes to withdraw must secure an official withdrawal form from the office of his Dean, secure the necessary signatures, and file the form in the Office of the Registrar. If this is not done, the student will not be entitled to an honorable dismissal, will forfeit any refund to which he would otherwise be entitled, and will receive marks of failure in his courses. *The effective date of withdrawal and the date used in computing refunds is the date the application for withdrawal is filed in the Office of the Registrar.*

A withdrawal is not complete until the student returns his military uniform to the Military Department, his athletic book and identification card to the Director of Student Welfare, books to the Library, the dining hall card to the Auditor's Office in the Administration Building, and all other University property.

### 3 REFUNDS OF FEES

Students withdrawing from the University will be credited for all fees charged to them except the matriculation fee and board in accordance with the following schedule:

<i>Period from Date Instruction Begins</i>	<i>Percentage Refundable</i>
February 8 through February 19.....	80%
February 22 through February 26.....	60%

Board is refunded only in the event the student withdraws from the University. Refunds of board are made on a pro-rata, weekly basis. Dining Hall cards issued to boarding students must be surrendered at the Auditor's Office in the Administration Building on the day of withdrawal before any refund will be processed.

In computing refunds to students who have received the benefit of scholarships, the computation will be made in such a way as to return the maximum amount to the scholarship account without loss to the University.

*No refunds of Fixed Charges, Lodging, Tuition, Laboratory Fees, etc., are allowed when courses are dropped, unless the student withdraws from the University.*

### 4 CHANGES IN REGISTRATION

A change in registration (the dropping of and/or the adding of a course or courses) may be made by filling out an authorization for change in registration form in the office of the student's Dean. (See below for procedure to make a change in section only). *Changes made on or before Friday, February 12* need the approval of the student's adviser, the approval of the department offering the course if the change involves the addition of a course for which more than one section is being taught, and the approval of the student's Dean. (Departmental approval is not normally needed during this period for the drop of a course or the addition of a single-sectioned course.) Only in exceptional cases will a student be permitted to add a course after the first week of instruction. In the event such permission is given, the change in registration form must be approved by the student's adviser, the department offering the course, and the student's Dean.

*The last day that a course may be dropped is Friday, February 26. After that date, a student who drops a course will receive a mark of failure in the course.*

No change in registration is official until it has been approved by the appropriate University officials and filed by the students in the Office of the Registrar. After the first week of the semester, i.e., beginning February 15, a charge of \$3.00 is made for each change in registration.

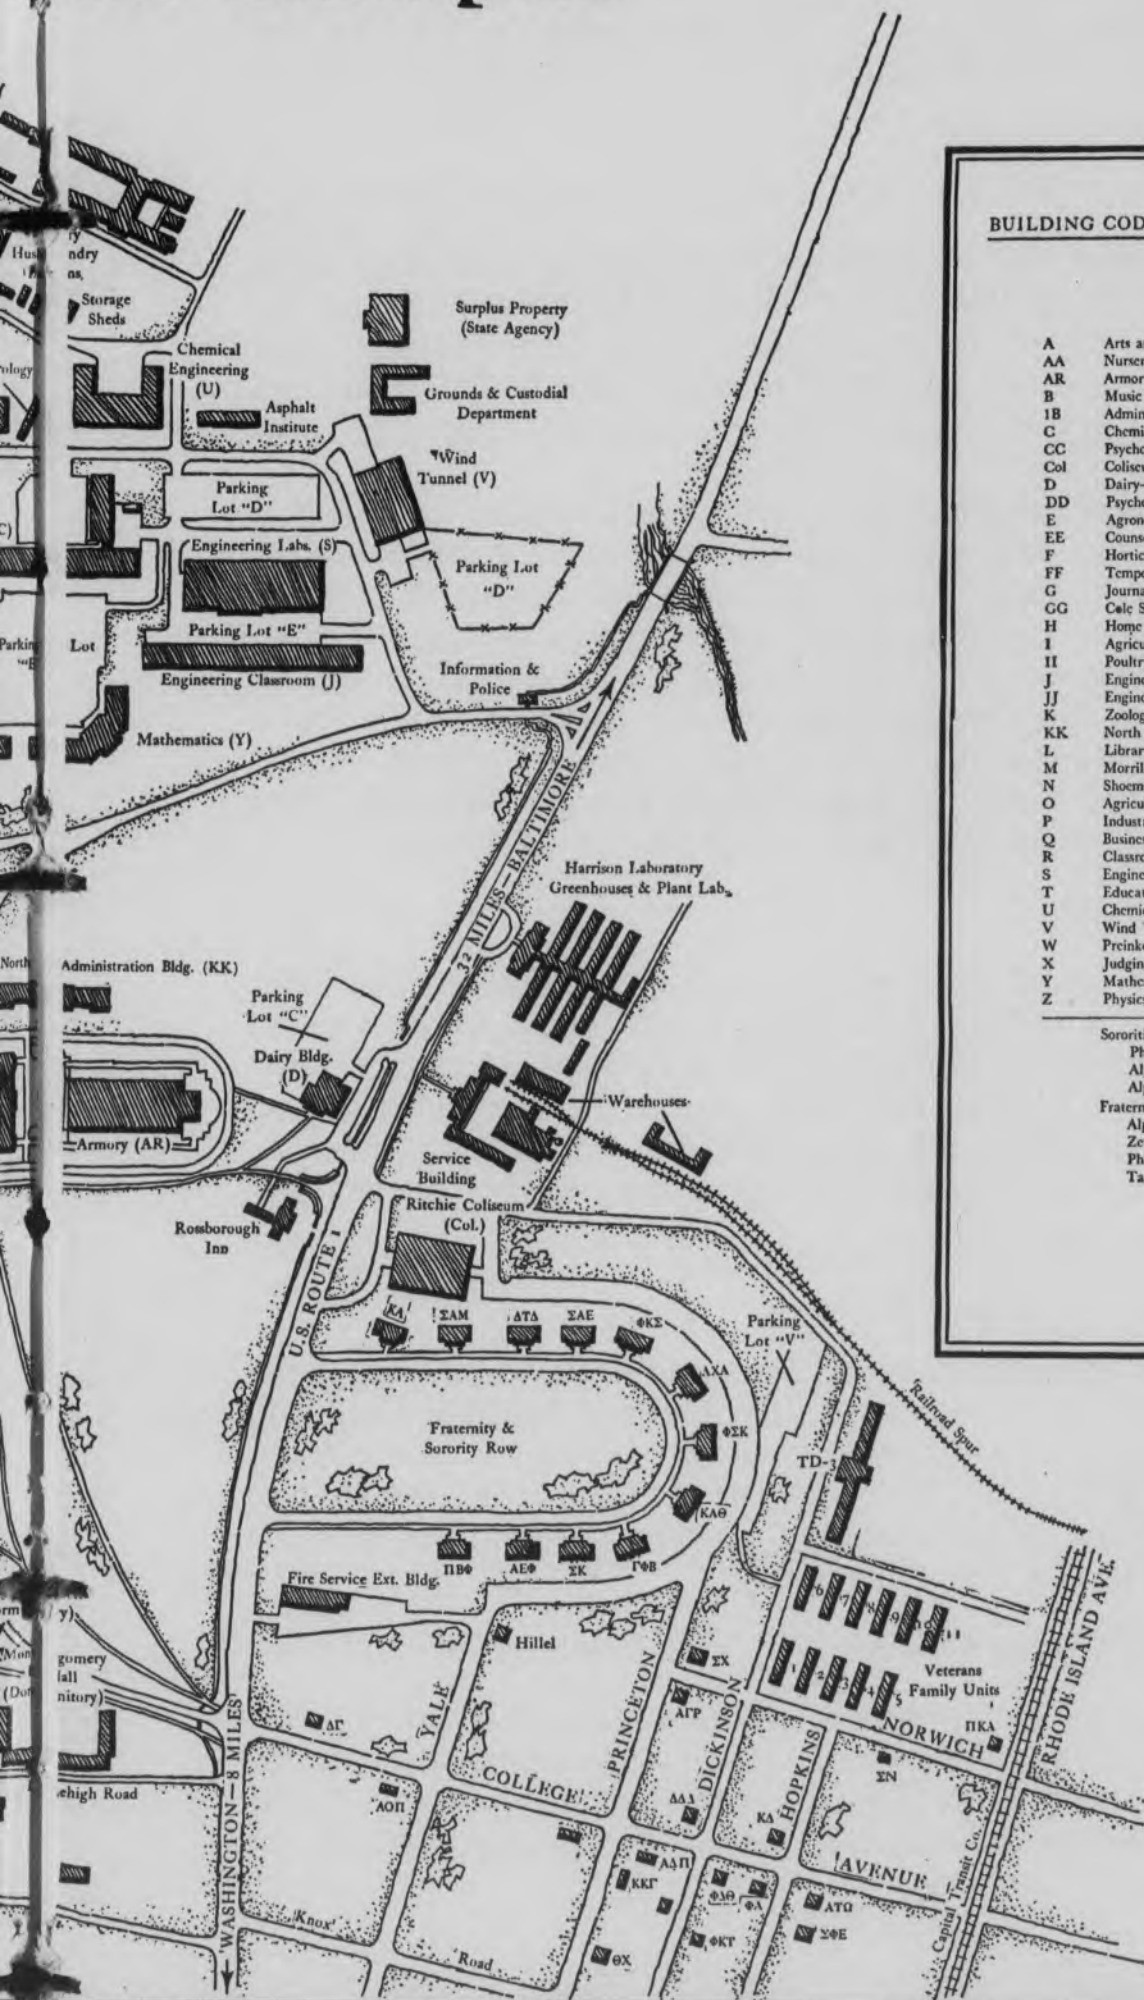

The map illustrates the layout of West Virginia State College, featuring a variety of academic, athletic, and administrative buildings. Key locations include the Byrd Stadium and Football Field House in the upper left, the Poultry Range and Poultry Plant in the upper center, and the U.S. Bureau of Mines and U.S. Fish & Wildlife Service buildings in the upper right. Academic buildings such as the Agriculture Bldg. (I), Hort. Bldg. (F), and various halls (A through Z) are distributed throughout the central and right portions of the map. Athletic facilities, including tennis courts, a swimming pool, and a baseball park, are located in the lower left. The map also shows parking lots, roads, and a compass rose indicating orientation. A scale bar at the bottom left shows distances up to 1500 feet.

Credit cannot be obtained for courses for which the student is not officially registered in both the office of the student's Dean and the Registrar's Office.

**CHANGE IN SECTION:** If the student wishes to change from one section to another of a course for which he is registered, he must secure the approval of the department offering the course. To be official a copy of the change in section form must be filed by the student in the Office of the Registrar. No fee is charged for a section change.

## 5 CHANGE IN COLLEGE

To effect a change in college within the University a student must secure the signatures of his present Dean and of the Dean of the college to which he wishes to transfer on the Permit to Register card which is in the packet of registration cards. A change in college should be executed *before* the student reports at the Armory to complete registration.

*No change in college is permitted other than at stated registration periods or during the first week of the semester.* If a student must change colleges *after* completing registration but *before* the end of the first week of the semester, he should secure from the Office of the Registrar a duplicate Permit Card on which he should secure the necessary signatures. In this event, the student must also have a new course card signed by the Dean of his new college. Both the Permit and the Course Card must be filed with the Registrar no later than February 12.

## 6 CHANGE IN CURRICULUM

All changes in curriculum must be filed with the Registrar. The rules governing changes in college (see above) also apply to changes in curriculum with the following exception: a curriculum change must be approved only by the student's Dean, and in the event of a change after registration but before the end of the first week of the semester, only a duplicate Permit Card must be approved (no new course card is required).

## 7 CHANGE OF NAME

A student who has officially changed his name since he was last registered must indicate his new name on the Current Address Card and on the other registration cards which are in the registration packet. No change of name can be filed with the registrar *after* the student completes registration. Such a change must be noted at the time the student next registers at the University.

## 8 REGISTRATION FOR COURSES OFFERED BY THE UNIVERSITY COLLEGE

Any student who wishes to enroll in a course offered by the University College *in addition* to his other course or courses must secure the approval of the dean of U.C. after his regular dean has approved his course card and before he completes registration at the Armory. A

fee of \$12.00 per credit hour for U.C. courses is normally charged in addition to the regular on-campus fees.

Any student who wishes to enroll *only* in a course or courses offered by the University College and not for courses on campus should *not* fill out the regular on-campus registration cards which are distributed at the Library. Such students should secure from their regular on-campus dean *written permission* to register for the course or courses. They then report to the office of the dean of U.C., file the written permission and fill out the special U.C. registration cards.

## 9 REGISTRATION FOR BALTIMORE COURSES

Students must register through the Baltimore Office of the Registrar for all courses offered by the Baltimore Schools and Colleges. Whenever a student carries courses both at Baltimore and at College Park, two registrations are required.

## 10 AIR SCIENCE AND PHYSICAL EDUCATION

All male undergraduate students must have credit for two years of Air Science and Physical Education to satisfy one of the requirements for a Bachelor's degree. Under certain conditions, students may be excused from these requirements provided they offer proof of honorable military service or have had equal training at a school accredited by the Department of the Army, Navy or Air Force. In order to obtain credit for Air Science, students must report at the Cadet Records Office, Room 118 in the Armory. To claim credit for Physical Education report at Room 140, Cole Activities Building.
